PROFESSIONAL EXPERIENCE

MORGAN STANLEY – Associate, EDD, Compliance & Wealth Management

Mar 2024 – Present

- Completed 220+ end-to-end EDD reviews on High and High+ risk wealth management clients, assessing complex ownership structures, trusts, offshore entities, financial activity and risk indicators.
- Performed EDD on 100+ UHNW/HNW individuals, including SOW/SOF analysis, adverse media reviews, PEP and sanctions screening, and risk-based escalation.
- Supported the migration of 500+ clients from E*TRADE to Morgan Stanley, maintaining KYC/EDD requirements, documentation standards and compliance controls throughout the transition.
- Completed 350+ account amendments involving IPO and Investor Relations information in line with compliance requirements and documentation standards.
- Act as SME for complex SOW/SOF reviews: advise analysts on investigation strategy and rationale, and perform quality review to keep risk-based decisions consistent.
- Serve as a flex resource for EDD Account Maintenance, supporting remediation backlogs, periodic reviews and surge volumes while meeting regulatory timelines and SLAs.
- Partner with Global Financial Crimes, AML Advisory, Compliance and Risk teams on complex cases, governance requirements, control effectiveness and regulatory alignment.
- Contribute to policy interpretation, procedural enhancements and internal controls, and mentor analysts to strengthen investigation consistency and audit readiness.
- Designed three AI-assisted Microsoft Copilot workflows for negative-media analysis, public-company affiliation research and AML research, improving investigative efficiency, consistency and documentation quality.

CURRENCIES DIRECT – AML Compliance Officer

Jun 2022 – Mar 2024

- Worked directly with the Australian MLRO on high-risk escalations, SMR submissions and regulatory inquiries, supporting compliance with Australian AML/CTF obligations and AUSTRAC reporting requirements.
- Drafted and filed SARs/SMRs with clear investigative narratives and defensible, risk-based decisioning.

- Managed end-to-end KYC, CDD and EDD onboarding and periodic reviews across APAC and EMEA, independently handling high-volume workloads.
- Onboarded 3,000+ clients/users over two years, balancing customer growth with AML/CTF requirements and risk assessment.
- Investigated and resolved 1,000+ sanctions screening hits (OFAC, UN and other applicable sanctions and regulatory sources), documenting dispositions and escalating potential concerns.
- Conducted PEP screening, adverse media investigations, sanctions reviews and EDD using World-Check, Dow Jones and internal monitoring systems.
- Supported transaction monitoring control improvements and AML framework enhancements, identifying control gaps and opportunities to reduce avoidable false positives.

FEDEX EXPRESS – Customer Service Specialist

Jun 2021 – May 2022

- Verified customer documentation against customs, export-control and anti-fraud procedures; identified and escalated suspicious documentation and transaction patterns.
